A) Рубрика

The year 1492 marked for Spain the arrival of Christopher Columbus in the New World. It was a voyage funded by Queen Isabella. Columbus's first voyage crossed the Atlantic and reached the Caribbean Islands, beginning the European exploration and the Spanish conquest of the Americas, although Columbus was sure that he had reached India and found a way to the Orient.

B) Рубрика

With the total area of 505,992 square km Spain is the world's 52nd largest country in the world and Europe's 4th largest country. Spain is a transcontinental country having territory in both Europe and Africa. In the west, Spain is bordered by Portugal; in the south, it is bordered by Gibraltar (a British overseas territory) and Morocco. Tenerife is the highest mountain peak in Spain.

C) Рубрика

In Spain we can see three main climatic zones. The Mediterranean climate is characterized by hot and dry summers, and it is dominant in the peninsula. The semi-arid dry climate can be found in the southeastern quarter of the country. The oceanic climate is in the northern quarter of the country. There winter and summer temperatures are influenced by the ocean.

D) Рубрика

The Spanish fauna is very diverse because of the geographical position of the Iberian peninsula between the Atlantic and the Mediterranean and between Africa and Eurasia. The vegetation of Spain is varied too because of several factors including the diversity of the relief and the climate. Spain includes different phytogeographic regions, each with its own floristic characteristics.

E) Рубрика

In 2017, Spain was the second most visited country in the world, recording 82 million tourists. Spain's geographic location, popular coastlines, diverse landscapes, history and culture together with excellent infrastructure has made the country's international tourist industry one of the largest in the world. Travel brings about 5% of the total income to the country.

Cherries are small, round fruits that can be sweet or sour. They grow on trees that are also known for their flowers. Cherry trees grow all over the world in the places that do not get extreme heat or cold. Different types of a cherry tree produce sweet or sour cherries. Sweet-cherry trees are large. They reach up to eleven metres. Their fruit may be round or heart-shaped. Sweet cherries vary in colour from yellow or red to nearly black. People eat sweet cherries fresh or canned.

Cherry trees are very beautiful when they bloom. In many countries of the world there is a tradition to watch the cherry blossom in spring. It is a nice time to enjoy some fresh air and see some cherry flowers. The flowers may come in white and all shades of pink.
